Dear POPRC-15 Participants and colleagues,

Hope you are keeping well.

You might have heard that that **POPRC-16 meeting will be held online, from 11 to 16 January 2021**. The notifications for observers was sent on 20 October 2020, as attached here.

The information on the meeting is available on the website: [www.pops.int/poprc16/](http://www.pops.int/poprc16/)

The Committee will consider a new proposal for listing UV-328, draft risk profile on Dechlorane Plus and its syn-isomer and anti-isomer, draft risk profile on methoxychlor, reports on the review of information related to specific exemptions for decaBDE and SCCPs, and indicative list of PFOA, its salts and PFOA-related compounds.

Ahead of the meeting, the pre-meetings will be held from **1 to 3 December 2020**, from 11:30 a.m. to 3 p.m. (UTC+1). Those pre-meetings will provide an early opportunity to introduce and discuss the technical work of the POPRC-16.

Members and observers are strongly encouraged to participate actively during the pre-meetings so as to significantly facilitate the work of the Committee in January 2021.

If you plan to attend POPRC-16 and have not registered, please do so as soon as possible, if possible by 30 November 2020, so that you can join the pre-meetings of the POPRC-16.

Many thanks for your consideration.

Kind regards,  
Kei
